## EMBARGO IS PLACED ON PERISHABLES FOR ELY

Ely, McGill and points served by the Nevada Northern railroad will soon be without a supply of fresh meats, vegetables, fruits and other perishable commodities. The American Railway Express offices announce that because of the strike of the shopmen in Ely and the consequent delay in railroad traffic over the Nevada Northern that it would not accept shipments of perishable goods for any point served by the road.

The same announcement was made by the express company in Ogden and Salt Lake and the only perishable goods that will reach Ely now must be brought in by automobile from Tonopah or points in the eastern part of the state.

In the fight between Senator Kenyon and the packers we prefer a seat at the ringside

## U. S. OBSERVER LEAVES SEPT. 1

C. D. Asher, United States weather observer has been transferred to Taosish Island station in Washington, the most northerly point in the United States. The change is in the nature of a promotion and the duties of the observer will be greatly enlarged including the handling of shipping news and maintaining a telegraph station as this is the jumping off place for the wire system of the United States. Mr. Asher has been in charge of the local station for the past twenty months, coming here from Galveston, Texas. During his stay here Mr. Asher added to his popularity by unflinching courtesy. He will be succeeded by his father-in-law and one of his predecessors, J. C. Piercy, Sr., who is assistant observer at Santa Fe, N. M. The change becomes effective September 1, this year.

A GREAT MAN is one who can get people to change their minds. The boss has his troubles even if he does rest his feet on a Turkish rug.

## ACTORS STRIKE CLOSES HOUSES

NEW YORK, Aug. 9.—Nine playhouses in the Broadway theatrical district have been closed and three are presenting an abbreviated program while seven have been able to defy the strike order of the Actors Equity Association and give their advertised bill with competent cast. In addition to the theaters closed it was estimated that rehearsals for thirty plays are being held up. Gran Stewart, secretary of the actors' association said he had received telegrams from actors in Chicago and those employed in the motion picture industry in California pledging support in the fight against the producing managers.

## COALITION PLANT DISMANTLED

The old mining machinery and equipment at the once famous high grade Coalition mine at Seven Troughs has all been taken down and freighted in this week and put on board of cars to be shipped to Mina.

Congress is proving that it is worth its keep.

## NO SETTLEMENT ON COMSTOCK

Representatives of the Virginia City miners who have threatened to strike unless a demand for a 41 a day increase in wages is granted them by the operators went back to the Comstock last night to report that an all-day conference with the operators, with Governor Boyle in the role of mediator, had failed to result in any agreement being reached. It was given out by members of the committee that a secret ballot on the question of continuing the strike will be taken immediately. Predictions were made by some that the men will vote to strike while others did not feel so certain about it. It was pointed out by many that while the "oldtimers" including men with families, who are employed in the Comstock mines are almost a unit in favor of striking unless the increase is granted, on the other hand the more recent arrivals among the workers are only lukewarm on the proposition.

## \$10 FLOUR IS A POSSIBILITY

NEW YORK, Aug. 8.—Details of the United States Grain Corporation plan to sell flour at \$10 a barrel were made public today by Julius H. Barnes, United States wheat director. Restrictions are placed on the price to be charged by wholesalers, jobbers and retailers.

The flour will be sold in 140-pound sacks on a basis of \$10 in the territory west of the Illinois and Indiana line and west of the Mississippi from Cairo to the Gulf of Mexico, not including the Pacific coast region and at \$10.25 in the remainder of the country. Jobbers and wholesalers must guarantee to resell to retailers at not more than 75 cents additional and retailers are confined to an increase of not more than \$1.25 over the wholesale price for the original packages and must not charge more than seven cents a pound for broken packages of any size.

The grain corporation also announced that its weekly purchase at Baltimore of wheat flour packed for export was 1,031,013 barrels at prices ranging from \$9.80 to \$10.40 a barrel.

We've got to wash the breakfast dishes off we want clean china for dinner.

It wouldn't be a bad plan for individuals to have constitutions and by-laws.

A noisy machine is like a man who grumbles at his work—both are nearing the junk pile.

## The power chain

The Gasoline Quality

"Red Crown" has a continuous, uniform chain of boiling points which gives easy starting, power and mileage. Mixtures have "holes" in the chain. Look for the Red Crown sign before you fill.

STANDARD OIL COMPANY (California)

G. M. ROSE, Special Agent, Standard Oil Co., Tonopah, Nevada

No 11 o'clock hunger after this breakfast

When it's warm weather and you don't want to eat a lot of heavy food, then an Aunt Jemima breakfast fills the bill better than ever! For these golden-brown, tender cakes "stay with you" when a less satisfying breakfast won't, and you don't get that starved feeling along towards noon.

Just the breakfast for summer, because Aunt Jemima Pancakes are so easily prepared, too. All the ingredients come ready mixed in the flour—even the sweet milk (powdered). The simple addition of water makes perfect pancakes. Get a package from your grocer. It makes delicious muffins, too.
